

HOPKINS GIRLS

BASKETBALL CAMP

Time is precious and we know you are faced with a wide variety of options during the summer. That is why the Hopkins Girls Basketball Camp is committed to providing the **absolute best possible fundamental basketball instruction in the state of Minnesota.**

At Hopkins, we emphasize the fundamental skills essential for all young girls basketball players, and offer instruction by a coaching staff made up of professional educators who, combined, have more than 75 years of experience teaching and coaching.

Hopkins basketball is the gold standard in the state of Minnesota. The Royals have captured three class AAAA state basketball championships in the past 8 years, and have sent over a dozen players on to compete at the college level. All of these young women participated in the Hopkins basketball camp as youngsters, and your daughter will receive the same quality instruction.

We love the game. We love helping young people, and we are eager to work with your daughter this summer!

New This Year!

This year's camp will combine our fundamental coaching and five-on-five league every day. We will emphasize fundamental passing, ball handling, and shooting throughout the morning, and then will divide the players into equal teams for five-on-five games to end each session.

Drills and skills will be taught and practiced, with skills contests and prizes for campers. League games will be timed, scored, and refereed and an end of session tournament will determine our summer league champion.
